It is the Auction Committee's intent to describe accurately all auction items with the information provided by the generous contributors. We apologize for any omission or typographical mistakes. **Auction Policies**

All sales are final and there will be no exchanges or refunds by St. John or donors. Winning bidder of items must make payment in full by the end of the auction or the item will be forfeited. Items will then be awarded to the second highest bidder. Highest bidder must remove items the night of the auction after exhibiting evidence of payment in full. All items must be picked up by the end of the auction. Unless otherwise specified, all auctioned items and services must be used within the time on the certificate.

Items auctioned are donated and not warranted by St. John School. St. John School is in no way responsible for an item's quality or performance. The items listed are subject to withdrawal and to minimum bids. Actual Gift Certificates are available at the bank once items have been paid for.

**Payment Procedures**

Bidders must wait until silent auction items have been tallied and highest silent auction bidders posted before paying or receiving items. At this time the BANK will open and payment for tallied items can be made. Cashiers will not be available until this time. Save your bidder card. You will need it when paying for items. Payment by the successful bidder may be made with check, cash, VISA or MasterCard. Highest bidders must settle all accounts during auction night or items will be forfeited. Actual gift certificates will be given at time of payment. Gold copy of auction receipt must be signed and turned in to receive items.

**"Half and Half" & Door Prizes**

During the live auction, one of the tickets will be pulled and the winner will receive half of the proceeds collected from the ticket sales.

## **Live Auction Procedures**

All persons who wish to bid on any item must register and receive a bidder number. Bidder number, *not name*, must identify all bids. Anyone who chooses to bid in the live auction should hold his or her bidder card high enough for the auctioneer to determine that a bid is being made.

## **Silent Auction Rules**

Each item in the silent auction has a bid sheet. Persons desiring to bid may do so by writing their number next to the pre-printed amount on the sheet. Every bidder must have a number to bid. Any unnumbered bids will be disqualified. Use only your assigned number. Each new bid must be written immediately under the previous bid and must meet the minimum required raise.

*Silent Auction Bids Will Be Disqualified If The Minimum Raise Is Not Sufficient.*

An authorized person may disqualify your bid if you are blocking the bidder's table 15 minutes prior to the closing of the silent auction. Silent auction tables will be closed for bidding at staggered times. The emcee will announce closing of designated table 5 minutes before ending. No bids may be written after close of each table.
